

WÜRTH

PROFESSIONAL SOLUTIONS

SOLUTIONS FOR CONSTRUCTION

From plot to frame

DECADES OF MASTERY | TRANSFORMATIONAL RESILIENCE

WE BUILD TOG

Construction-Site-Project-Management

OUR BUSINESS

FULL SERVICE

- Comprehensive solutions supplier for the construction industry
- **All from one source**
- Equipment and consumables especially for building sites
- Industry-specific trained staff
- Tailor-made to your needs
- We are happy to help you at any time

OUR BUSINESS

CONSTRUCTION SITE LOGISTICS

- Construction site pick up shop with on-site service
- Individually equipped on site storages
- Systems related to assembly location
- Just-in-time deliveries of presorted materials
- Detailed delivery documentation
- **More time for your core business**

OUR BUSINESS

SYSTEM SOLUTIONS

- Efficient storage systems
- Fleet management for your machines and devices
- Scanner-based ordering systems
- **Transparency and cost efficiency**
- Personal protective equipment
- Hazardous substance management

OUR BUSINESS

INSTALLATION TECHNOLOGY

- Qualified specialists who look at the big picture
- Individualized systems for quick assembly
- We adjust to your needs
- Specific solutions for fire protection and anchor technology
- **High availability of capital and increase of your return on investment**

OUR BUSINESS

ANCHOR TECHNOLOGY

- Analysis and specific anchor recommendations
- Complete range of international approvals
- Detailed design and load analysis
- Pull-out tests for different base materials
- **Individual adjustment of anchors to your requirements**
- Training and instructions directly on-site

now.

OUR BUSINESS

CONSULTING

- Service in all stages of project realisation
- **Own engineers on the spot**
- 24-hour availability of contact
- Thorough feasibility tests
- Optimal product for your application

OUR BUSINESS

PLANNING

- **Own engineering office**
- Individual planning of fastening solutions
- Solutions for passive structural fire protection
- Working with 2D and 3D construction plans
- Creating details including all documentation
- Anchor dimensions, types and calculation

OUR BUSINESS

PRE-ASSEMBLING

- Pre- and completely assembled multiple attachments
- Precisely dimensioned and cut-customized fastening material
- **No downtime due to missing small parts**
- Perfect construction from technical and crafts point of view
- Special heavy duty anchoring systems
- Register construction for sanitary installations

- ✓ Best Service
- ✓ Best Support
- ✓ Best Performance
- ✓ Best Expertise

OUR BUSINESS

RE PROTECTION

- Inspection of the facts on-site
- Adjustment to current guidelines
- **Special solutions that fit to your project**
- Support in case of expert opinions
- Unique, flexible software for planning and documentation
- Complete traceability from planning to implementation

YOUR SENSES ARE YOUR GREATEST ASSETS

SAFETY AT WORK

YOUR PROTECTION. OUR MISSION.

“PERSONAL PROTECTIVE EQUIPMENT CAN SAVE LIVES!”

Employees are the most precious asset of any company. Protecting their health therefore is of vital importance. Yet, employees are exposed to visible and invisible hazards in their working environment.

The Würth product range offers comprehensive PPE solutions from head to toe: hand protection, skin protection, eye protection, hearing protection, breathing protection, head protection, fall arrest equipment, foot protection, protective clothing and workwear.

Safety boots S3 W-1001

Professional workwear

The saying "Better safe than sorry" perfectly sums up occupational safety. Manual and physical work always involves a certain occupational risk which has to be reduced. You can reduce the risk for your company and your employees in the best possible way by using the right workwear and safety shoes. Würth MODYF has been a professional specialist in workwear for over 20 years.

ENGINEERING HUB

At Würth, we offer local field engineering support to elevate your projects.

Our team of highly trained engineers provides comprehensive assistance, including application advice, on-site testing, and training for design professionals and contractors.

The way you want it!

ENGINEERING HUB WÜRTH GULF

YOUR PROJECT PARTNER

- **Expert Guidance:** Get personalized support and solutions tailored to your project's unique needs.
- **On-Site Assistance:** Our engineers offer hands-on help at your office or project site, ensuring optimal use of Würth products.
- **Proof Testing:** We conduct pullout tests for all types of anchors, validating their performance and ensuring safety and reliability.
- **Extensive Technical Documentation and Submittals:** Our technical team has meticulously prepared submittal documentation for a vast range of Würth solutions, ensuring you have the detailed information you need for project planning and products approval.

ANCHOR SOFTWARE

Simplify the complex calculation and design of anchors with the free Würth Anchor Design Software.

- Especially developed for the requirements of engineers, planners and specifiers.
- Ability to run multiple load scenarios including fire and seismic cases.
- Most economic solutions are built into automatic anchor selection, giving specifiers the confidence that their solutions are efficient.
- Built in access to product ordering data.

BAULOC®

Everything in, everything secure.

Thanks to the BAULOC® service boxes, we deliver customized and pre-picked goods to the construction site and supply them directly at the place of installation. With the lockable boxes, your tools and materials are safely stored at any time, even when you are absent. Perfectly suited for building services, electrical engineering, fire protection, and dry walling.

BAULOC® SERVICE BOX

Lid can be locked with a padlock, dolly optional

BAULOC® SERVICE BOX PRO

Drawers can be locked with a padlock, dolly optional

BAULOC® SERVICE BOX MAXI

Lid can be locked with a padlock, dolly optional

20' DEPOT: THE BIG ONE

Need more space on site? Get your personal 20' depot, fitted with ORSY® shelving according to your requirements. The supplied material is specified for each construction site and can be flexibly adapted as the construction progresses.

10' DEPOT: THE COMPACT ONE

Fitted with steel racks and ORSY® shelving, this stationary store is perfect for storing fastening material, tools and power tools during the early phases of construction.

BAULOC® MOBILE SERVICE

The BAULOC® Mobile Service is servicing various construction sites in urban areas and delivers materials directly to the construction site. With over 250 items in stock, the BAULOC® Mobile Service covers the short-term needs of all parties involved in the construction.

BAULOC® STATION

Your Würth shop on the construction site.

At selected major construction sites, Würth sets up BAULOC® Stations. These sales outlets are managed by a Würth employee—similar to a small Würth pick-up shop. With an average of over 300 items, the station offers a wide range that can be adapted to the respective construction stage. A competent Würth employee is always on site offering advice and support.
